Bakery Chains Essentials Bread Focus

We move the planet forward by creating innovative food solutions for the health & well-being of people everywhere

Our Manifesto

We believe that food has extraordinary power in our lives the power to feed, to nourish, to comfort, to bring families together, to unite people of all backgrounds, to help us celebrate both monumental and small life moments, to put smiles on our faces, and even, the unique power to heal.

We do not take this great responsibility lightly, and that is why we are committed to a holistic operating model, one that is sustainable, respectful and balanced.

To this end, we are implementing plans to achieve CO₂ neutrality, use water responsibly, and reduce waste. Our raw materials are sourced respectfully and we aim to ensure safe and stable revenue for farmers. We work in harmony with the communities we are a part of and invest in providing life-changing, educational opportunities in our Bakery Schools. We are committed to our employees and to create a caring working environment that welcomes diversity and promotes personal development.

Food innovation is energy for good and that is why we are constantly striving to grow our positive impact with the creation of innovative food solutions that promote health & well-being and steadily move businesses, customers, people, and the planet forward.

INVESTED IN R&D

Health & Well-Being at Puratos

The way food is produced impacts both people's health and our planet. That's why, since the very beginning, Health & Well-Being has been at the heart of Puratos' research and development activities. We aim to provide the most nutritionally wholesome products possible, withc compromising on taste, texture, quality, or safety.

With science on our side, we continuously improve our product range, to be better and healthier. We increase the presence of power ingredients, like fruit, fiber, and wholegrains, in our products. We also strive to cut down th presence of ingredients, like salt, certain fats, and sugars.

Puratos helps to lower sugar consumption hrough its complete range of sugar reduced sweet goods &

chocolate products. Additionally, we rework existing recipes with the aim to reduce sugar content. Any sugar removal, reduction and/ or replacement action should not compromise neither products taste, nor texture.

We increase, whenever possible, the fruit content in the fillings or the fruit filling content in the final application.

The link between gut health and overall health is well established in the mind of consumers: a healthy gut positively

influences both physical & mental health. The bakery products in Puratos' Happy Gut range all contain gut health promoting compounds, such as specific types of fibres, which can support consumers' gut health status.

We aim to remove or reduce fats, especially of low nutritional quality, or to replace them with fats of good nutritional

quality. We also focus on removing trans fatty acids and replacing them

We increase the quantity of grains & seeds in our products. Additionally, we promote the use of wholegrain versions to

stimulate the consumption of bakery products containing high levels of grains, wholegrains and seeds. This helps consumers around the world to reach their recommended daily intake of fiber.

with healthier fat sources.

We offer solutions to reduce the quantity of salt in baked goods to help consumers abide to the 5a of salt/day as part

of the World Health Organization recommendation.

In addition, Puratos' proprietary research program Taste Tomorrow enables us to have in-depth insights into global and local consumer behaviors, attitudes, and choices. With that in mind, we offer the right product range to cover consumer needs for transparency or plant-based alternatives.

More and more consumers want to reduce ingredients perceived as undesired such as additives.

artificial colours and flavours. Puratos offers clean and cleaner label alternatives allowing for a shorter, clearer and cleaner ingredient list of the finished products.

To answer the ncreasing demand for more natural products, Puratos provides, whenever possible,

an organic alternative without compromising on taste, texture and overall functionality.

As an increasing number of people tend to avoid gluten in their diet, Puratos provides, whenever possible,

nutritionally balanced aluten-free alternatives without compromising on taste and texture.

Whenever requested, we contribute to a better planet by offering plant-based alternatives with taste, texture and

functionality as close as possible to the traditional counterpart.

Bakery Chains **Bread Specialist**

At Puratos, we boast over 100 years of experience in bread-making. From our pioneering improver, T-500 (now known as S-500), to our ready-to-use sourdoughs, we possess the expertise to create the ideal texture, flavor, and quality of bread that you seek.

Our team of bakery chefs, situated in over 100 countries worldwide, is dedicated to sharing their techniques, preparations, and the finest ingredients tailored for every occasion. They will assist you in developing your own portfolio of baked products.

We invite you to collaborate with us in this endeavor, allowing you to reap the full benefits of our partnership.

Bakery Mixes

Explore the incredible diversity of breads from around the world with Puratos. Whether you need complete mixes or concentrated bases, Puratos offers a portfolio renowned for its superior quality, versatility and performance. Our easy-to-use formats ensure that you can create any baked good your customers crave with ease and consistency.

Grains & Seeds

Softarain represents a blend of tradition and innovation, harnessing the inherent benefits of grains and seeds while satisfying consumer preferences for flavorful, nutritious bread. Central to Softgrain's uniqueness is its proprietary process of cooking grains in sourdough. This innovative approach results in fresh breads that are rich in whole grains and seeds with a distinctive texture and flavor profile. With more bakers looking to include grains and seeds in their products, Softgrain overcomes common challenges by preserving freshness and enhancing visual appeal with vibrant whole grains throughout the entire bread.

Did you know?

Puratos has taken traditional German processes of precooking rye grains to the next level by cooking our grains in sourdough to create amazing flavor and texture.

Egg-Wash Alternative

Trust the glazing experts! Puratos is the only major glaze manufacturer wholly dedicated to the bakery category. Sunset Glaze is our range of plant-based egg wash alternatives made in dedicated bakery glaze plants.
